PROFILE

Passionate and detail-oriented Web Developer with hands-on experience building responsive and performant web applications.

Skilled in modern front-end and back-end technologies, including JavaScript, PHP, React, Next.js, and Laravel. Strong understanding of authentication (JWT), REST APIs, and database integration.

Proven ability to work independently or as part of a team, with freelance experience delivering clean, maintainable code. Currently pursuing a degree in Software Engineering, with a strong focus on writing efficient and scalable solutions.
